"EVERYBODY'S HOUSE" BURNS

Landmark, at Crab Orchard Destroyed—Old Folks' Concert a Delightful Affair.

Crab Orchard, March 24. Early Wednesday morning the house on Lancaster street occupied by Mr. and Mrs. Elam, was discovered to be on fire, and as a terrific wind was blowing, it was soon beyond control. Excitement ran high when it was said Mrs. Elam was in bed, and burning to death and many heroic efforts were put forth to save her. Mrs. Mary Morgan rushed into the burning building to save her, and had the whole front part of her hair burned off. Little Frank Adams was also a hero, who rushed in and by main force dragged Mr. Elam out. Mrs. Elam was not in the house. The building known as "Everybody's House," was entirely destroyed and about one hundred bales of hay which were stored in the upper part. The building was owned by the Buchanan heirs, and was the home of Mrs. Rena Stuart. The owners had several hundred dollars insurance with a Stanford agent. By great and heroic efforts of citizens of the town, the College and house belonging to Mr. Chadwick, just opposite, were saved. Prof. Hatfield and his teachers in the Graded School assembled all the children in the lower recitation room, on the East side of building, ready at a moment's notice to escape in safety. The smoke and heat in front of the college was suffocating, and windows hot, and a strong wind blowing the flame to it, seemed a miracle it should escape. Mr. and Mrs. Elam, old and sick and perfectly helpless, are turned out without saving one thing, not even clothing and were sent to the home of Maurice Perkins until some place can be secured for them. This is a fine chance for those financially blessed to show their gratitude to God, by donating something to help these poor, old, worthy people to help they are not entirely forsaken, and cast away.

Keep your property of all kinds always protected by Jesse D. Wear, the Insurance Man of Stanford.

The Concert given by the old ladies of the Christian church at Crab Orchard, Saturday evening, was a great success. Not only did everyone express himself well paid for attending, but they made the old ladies feel good by their kind expression and compliments of their work. \$39.80 were the proceeds and the old ladies desire to thank each one present both for attendance and kind words of praise. The old songs were enjoyed and the music and dialogues for the occasion, "A Backwoods Merchant of Kentucky," acted by Thomas Hays Bronaugh and Billy George Holdman, and "An Old Maid's Tea Party," acted by Mrs. Daisy Hunt, Mrs. Allie Pettus, Mrs. Anna Napier and Miss Maymie Holdman and Mrs. Eva Hilton, were composed by Mrs. Bettie Buchanan and were splendidly acted, and brought forth many laughs from the audience. "Ben Bolt" was sweetly sung by Mrs. M. E. Fish, and her two daughters, Mrs. Pettus and Mrs. Newland. "Juanita" was sung splendidly by Mrs. Stephenson and Miss Tanner Thompson; "Silver Threads Among the Gold," sung by Mrs. Cherry and Mrs. Pettus, was beautifully. "Annie Laurie" was sweetly sung by Mrs. Jamie Carpenter and Miss Tanner Thompson and was splendidly rendered, as was the sweet old song, "When You and I Were Young Maggie," by Misses John Eva Hilton and Tanner Thompson.

Instrumental duet by Miss Stephenson and Mrs. Pettus, "Midnight Fire Alarm," was splendidly rendered, and the duet played by Mrs. Kit Thompson and Mrs. Jamie Carpenter called forth loud applause.

A selection on the harp by Miss Tanner Thompson as well as instrumental composition of her own were greatly enjoyed and complimented. The recitations were especially fine and showed great elocutionary talent. "Somebody's Darling," was splendidly and feelingly recited by Mrs. Daisy Hunt. "Old Soap," one of the finest temperance selections, was recited by Miss Elizabeth Gentry of Broadhead in one of the most pleasing and impressive ways we ever heard. She is a fine speaker and received a medal at a contest on this selection. "Kentucky Philosophy" was splendidly rendered by Miss Tanner Thompson, who was recalled to the stage and recited "Jemima's Courtship," which was greatly applauded. "Bill's In Trouble," was very beautifully rendered by Mrs. Willis. "The Rappahannock," by Mrs. Anna Napier, and "The Mason's Secret," by Mrs. Buchanan, both were greatly enjoyed and applauded and the beautiful selection, "Laska," was finely rendered by Mrs. Newland in her best elocutionary effort. She is a fine speaker.

"Dixie," "Massa's In de Cold, Cold Ground," "Auld Lang Syne," and "Old Kentucky Home," were chorused by all the ladies. "Old Black Joe," was sung by Mrs. M. E. Fish. Mrs. Bettie Buchanan, Mrs. Allie Pettus, Mrs. Caltha Newland and Messrs. Bragg Thompson, George Holmes and Mr. Peters. The ladies were indebted to George Holmes, Bragg Thompson and Mr. Peters for help rendered in their singing and thank everyone again for their kind expressions.

Mr. Montez Fish, of Louisville, came home Saturday to visit his father and grandmother, and attend the "Old Folks Concert." He returned to Louisville Monday.

came to visit her mother, Mrs. M. E. Fish, and attend the Concert.

Dr. J. G. Carpenter, of Stanford, attended the concert Saturday evening at the Springs.

Mrs. Gover, of Stanford attended the Concert.

Miss Elizabeth Gentry of Broadhead, visited Mrs. Daisy Hunt Friday and Saturday.

Rev. Wyatt preached two such splendid sermons Sunday at the Christian church. All denominations go to hear him, and enjoy his discourses more and more.

LATEST NEWS FROM MEXICO.

A message received from Gen. Berland last night at El Paso stated that Villa had been surrounded by Carranza and American troops at El Oso after a battle at Nampiquipa.

Gen. Bell yesterday wired Gen. Funston that after investigation he had "confirmed" the report that Gen. Herrera had revolted against Carranza. He added that it was his information that the Mexican leader would operate independently against the American punitive expedition.

The Carranza officials at Juarez and along the border at other points, however, insisted that they had positive information that the commander at Chihuahua had not deserted the first chief. Telegrams, said to be from Herrera were shown to substantiate their statements.

The first detailed story of the remarkable advance in which the flying squadron covered 110 miles in twenty-two hours actual marching time, was received from army headquarters near Colonia Dublin.

Washington last night ordered investigation of the conflicting rumors as to the interior situation on the part of the consular representatives at Chihuahua and Durango.

Lieut. Edgar S. Gorrell, of the United States Aero Corps, missing since Sunday, was found by an army motor truck train in a sandy plateau unharmed, but without gasoline or food.

Lieut. T. S. Bowen, of the army aviation corps which is with Pershing's expeditionary force in Mexico, fell with his machine 50 feet and sustained a broken nose and other minor injuries. Bowen is from Simpson county, Ky., and a graduate of State University and West Point.

DR. PERRY BUYS FARM.

Dr. G. P. Perry, of this city, was the successful bidder on the B. C. Hackett farm of 334 acres in Madison county a few days ago. He paid \$114 per acre. The farm is a magnificent one, situated as it is in the best part of the county. It will be good news to our people to know that the purchase was made as an investment and that Dr. Perry and his excellent family will continue to reside in Stanford.

AVOID SPRING COLDS

Sudden changes, high winds, shifting seasons cause colds and grippe, and these spring colds are annoying and dangerous and are likely to turn into a chronic summer cough. In such cases take a treatment of Dr. King's New Discovery, a pleasant Laxative Tea Syrup. It soothes the cough, checks the cold and helps break up an attack of grippe. It's already prepared, no mixing or fussing. Just ask your druggist for a bottle of Dr. King's New Discovery. Tested and tried for over 40 years.

THIS WILL AFFECT MANY SUBSCRIBERS TO THE I. J.

White paper, upon which the Interior Journal is printed, has almost doubled in price the past few months, and a great many country newspapers which are hard hit by the raise in price of raw paper, are increasing their subscription rates. The I. J. will not do this, however, but will be compelled to operate upon a strictly cash-in-advance basis in the future. It plans to notify its subscribers a short time before their subscriptions expire; and if renewal is not received by the end of the month in which a subscription has expired, the name will be removed from the list. The I. J. at \$1 a year is the cheapest newspaper in the state. City dailies, magazines and a great many other papers all stop when a subscriber's time is up, and the I. J. will, from now on, do likewise. Quite a number of its subscribers are now from several months up to a year or so behind. These are being notified, and unless heard from at once, their names will soon be removed from the list. The I. J. hopes that every one of its great family of readers will continue with it under this new arrangement, which it is compelled to make in view of the rapidly increase of paper and other materials of all sorts used in producing it twice a week.

A RATHER EXPENSIVE "BUSS."

A dispatch from Frankfort says that E. Webb, a teacher of Russell county, fined \$400 and sentenced to 100 days in jail for detaining and kissing Fannie Carter, was pardoned by the governor of the 100-day jail sentence. Immediately following the osculatory offense, Joe Carter, the girl's father, beat Webb with his fists cut him with a knife, shot him in the hand and knocked him unconscious with the butt of the revolver, and Webb declared, "called him out of his name." The evidence showed that Webb's intent went to further than the kiss and the Governor thought the punishment already received amply fit the crime.

WIND BLOWS BIG BARN DOWN

Young Cyclone Does Much Damage In Various Sections.

The severe windstorm which raged over this section of the state Wednesday, approached at times, almost the violence of a hurricane or cyclone, and reports of its damage in various sections are coming in. The large stock and tobacco barn on the farm of Pool Perkins, two miles from Lancaster on the Crab Orchard pike, was blown down by a terrific wind which struck it soon after noon, and is a total loss. Mr. Perkins had a quantity of hay and grain, and a lot of farming machinery in the building, which was badly broken up and damaged, and the loss will amount to about \$1,000, which is covered with insurance in the agency of D. A. Thomas, of Stanford. Luckily there was no livestock in the big barn at the time. Mr. Perkins' barn is near the point on Gilbert's Creek where a bridge was blown away a few years ago.

LAST FAMOUS BANDIT DEAD.

Cole Younger, 72, and unmarried, the last survivor of the most notorious band of outlaws of the "Wild and Woolly West" days, is dead at Lee's Summit, Mo. He died a devout church member and the friend of a host of men and women in that community.

Younger was one of the last of the notorious robber bands which infested Western Missouri during and after the Civil war. He was a member of the Quantrell gang and was associated with the James boys. He was the oldest of three brothers, sons of Col. Harry W. Younger, who came from Kentucky to Lee's Summit, Mo., before the Civil war. Their association with the James boys after the war invested them in a series of robberies, the most notorious of which were:

Liberty (Mo.) bank, 1866, one bank defender killed, \$72,000 stolen; Russellville, Ky., bank, 1868, \$17,000; Gallatin (Mo.) bank, 1868, cashier killed; Lexington (Ky.) bank, 1867, \$10,000; Co. Ford, (La.) bank, 1871, \$40,000.

The Younger brothers were captured in Minnesota, after a raid on bank at Northfield, Minn., in 1876. They pleaded guilty and were sent up for life. Bob Younger died in prison in 1889. Cole and James Younger were paroled in 1901. The latter committed suicide the following year because, he said, the Parole board refused to permit his marriage to the girl of his choice. After living in Minnesota the required three years Cole purchased a cottage near Lee's Summit, and made it his home. In 1913 he was converted and became active in church work.

AD THOMAS GOING UP.

The Lexington Herald said this week of Ad Thomas, the son of Editor Henry Thomas, of the Casey County News, who gave promise of developing into a pitcher of big league calibre: "Ad Thomas, the well known Colt left-hander, came in yesterday from his home at Liberty, Ky., for a conference with Manager Howard Guyn. Thomas was sent a contract this spring, but has not yet signed. He will probably affix his signature to the paper today. Thomas has earned no little prominence in politics in his home county since leaving Lexington last fall at the close of the season. He was sent as a delegate from his district to the Casey county Republican convention and was delegated to represent the county in the state convention at Louisville. Ad has made several speeches and his ability to hook the English language over the plate has won him a reputation at home."

THE I. J. AT CRAB ORCHARD.

Mrs. Bettie Buchanan, who has been the I. J.'s efficient correspondent at Crab Orchard, for several years, has arranged to represent this paper for the collection of subscription and other accounts and will likewise take orders for advertising and printing of all sorts. In the future the I. J. will not be sent unless payment of subscription is made in advance for a year, so that its host of readers in the East End should see Mrs. Buchanan at once and keep their subscriptions paid up so as not to miss an issue, for all papers will be stopped henceforth, as soon as the time for which they are paid, expires.

BIG CROWDS SEE BIG PICTURE.

A tremendous crowd saw "The Battle Cry of Peace" at the opera house Wednesday afternoon and night, and various opinions are heard expressed of it. It is a stupendous production, showing in vivid form this nation's state of unpreparedness for war. Can be had at your druggist. Insist on getting Dr. Bell's Pine-Tar-Honey and see that the formula is on the package.

MRS. BEECHER ADAMS DEAD

Former Hustonville Lady, Passes Away at Home In Danville.

Her host of friends in Lincoln county were grieved to learn of the death of Mrs. Beecher Adams, which took place at the home of her husband in Danville early Tuesday morning. While Mrs. Adams had been in declining health for many months, and it was generally known she could not recover, the announcement of her death came as a great shock to a wide circle of friends in this city and throughout Central Kentucky. Mrs. Blanche Twidwell Adams was born at Hustonville, and was in her 49th year. She was a daughter of Mr. Felix and Mrs. Elizabeth Twidwell. Her father was a native of Virginia and died many years ago. She was a most lovable woman, in every way, a true friend, an ideal wife and mother and a sincere Christian. She was one of the most devoted members of the First Presbyterian church of Danville.

Truly a good woman has gone to a rich reward. The deceased is survived by her husband, J. Beecher Adams; two children, Felix Adams and Miss Elizabeth Adams; her mother, Mrs. J. C. Johnston; one half-sister and brother, Miss Pearl Johnston and Mr. Forest Johnson, all of Danville, and one sister, Mrs. S. W. Forgy, of Elkton, to whom goes out the deepest and sincerest sympathy in this terrible bereavement. The funeral was conducted at the residence by Dr. C. G. Crooks Wednesday morning at 10 o'clock. Interment was in the Hustonville cemetery.

MRS. E. H. WALKER DEAD.

Mrs. Elizabeth Walker, relict of E. H. Walker, of Upper Garrard, died at her home at one o'clock Monday morning of apoplexy, aged 72. She was stricken at 5 o'clock Saturday and gradually grew worse until the end came. Mrs. Walker, who was Miss Elizabeth Woods, was a sister of Mrs. J. C. Hays, of this city, and frequently visited her here where she had many friends. She was a devout member of the Presbyterian church and a most excellent woman in every way. The burial took place at the Old Point Lick church at 11 o'clock Tuesday morning in the presence of a large crowd of sorrowing friends. Mr. Walker died some four years ago, but four daughters and a son are left to feel keenly the loss of a grand and good mother. They are Mrs. Luther Gish and Misses Mattie, Mary and Jane Walker and Mr. Woods Walker.

SPLENDID OLD LADY GONE.

Mrs. Anna Traub, wife of John Rudolph Traub, a well known aged, farmer of the Ottenheim section, died at their home last Friday and was laid to rest Sunday in the cemetery at Ottenheim, after services conducted by Rev. J. G. Bosshart, her pastor. A great many friends and loved ones turned out to pay the last tribute of respect and love to this good woman. Mrs. Traub was a native of Switzerland, when she was born 75 years ago. Her husband is now in his 81st year. They came to America in 1875 and lived in Pennsylvania until 1885 when they moved to Lincoln county where they have since resided. Three children survive the good mother, Mrs. Fritz Krueger, of Mt. Vernon, Henry Traub, of this county, and Rudolph Traub, of Pennsylvania.

PHONE MAN'S SAD NEWS.

I. C. Swaim, of Lexington, who was here last week, with the crew re-arranging the wires of the Cumberland Telephone Company in town, was compelled to leave Monday upon receipt of a message announcing the death of his mother, Mrs. Kate Swaim at her late home in Middletown, O. Mrs. Swaim was in her sixtieth year. She had been ill for several months suffering from a complication of diseases. Mr. Swaim left for Middletown to attend her funeral.

OLD NEGRO DEAD.

John Montgomery, aged 96, and one of the oldest negroes in the county, died at the home of Pete Miller on the creek, at 4 o'clock Sunday afternoon, of troubles incident to old age. The burial took place in the colored section of Buffalo cemetery this afternoon.

A Good Family Cough Syrup.

WILHITE MAY BE PARDONED.

A dispatch from Frankfort Tuesday had this to say regarding a proposed pardon for a former Stanford man: "Samuel W. Wilhite, former controller of the city of Louisville, who has been in the reformatory since October, 1914, serving a term of from two to ten years for hypotheating bonds belonging to the city, has renewed his application for a pardon and Gov. Stanley has the case under consideration. No action was taken today, but the belief is general that the Governor is giving the petition favorable consideration and will act on it this week. Letters and telegrams by the hundreds, supporting the petition, accompanied the application. Acting Mayor Miller, of Louisville, and the prosecuting officer have given assurances that they will not oppose the pardon, and Mayor Buschmeyer, at Hot Springs, will be communicated with.

MAD DOG BITES BOYS.

The two young sons of Carol Partin, near Chenoa, Bell county, were bitten by a mad dog last week and have been sent to the Pasteur Institute at Bowling Green for treatment to prevent hydrophobia. One boy is 15 and the other 13. About three months ago a dog came through the neighborhood and bit several dogs, all of which were immediately killed except a little puppy about 6 months old, belonging to Carlo Partin. The little dog bit the two boys, and four hours later began to take fits and had to be killed. The father was in very destitute circumstances and the neighbors and friends helped him to bring the children to Pineville, where Judge T. J. Asher took the matter up and sent the boys to Bowling Green to take the pasteur treatment.

High School News

Baseball Progressing Rapidly.

The baseball team has been getting in some good practice and shows up well on the field. Already seven games have been scheduled and a good many more are hoped for. The first game of the season will be played on the local field, March 31, with the Hustonville boys. The admission to the game will be 15c and 25c, and the Athletic Club is a little behind in a financial way, a good crowd will be appreciated very much. The Hustonville team is composed of experienced players, and as they have been getting in much good practice, and will no doubt put up one of the hardest fights to be seen on the local diamond. S. H. S. will journey to Danville the following day and do battle with the strong D. & D. team of that place.

The following games have so far been scheduled:

March 31—Stanford vs. Hustonville, at Stanford.

April 1—Stanford vs. D. & D. at Danville.

April 2—Stanford vs. Mt. Vernon at Mt. Vernon.

April 14—Stanford vs. Hustonville at Hustonville.

April 21—Stanford vs. Centre College first team, at Stanford.

The dates for the return game of the D. & D. and Mt. Vernon teams have not yet been decided upon, but will be played the early part of April.

It will no doubt seem strange to many of the Stanford fans that the first team of Centre College will play the local team, as it has never been customary for college and university nines to schedule games with high schools, but Centre is scheduled to play the strong St. Mary's team the following day, in order to be in tip top shape for their stronger opponents.

The Domestic Science girls served refreshments to the faculty of the school Thursday afternoon.

Another Splendid Program.

The monthly program of the Literary Society was given in the room of the Juniors and Freshmen in a most remarkable way. All delivered their parts in a very creditable manner and the program came up to any ever before rendered. Those participating in the event were:

Essay on Benefits of a Gymnasium to High Schools—T. E. Emery.

8TH DISTRICT POLITICIANS

Gossiping About Congressional Race Considerably This Week—Montgomery and Palmer Here.

Politics has been sizzling in the Eighth Congressional district this week. Frankfort and Louisville papers have been predicting that Representative George L. Pickett, of Shelby county, a brother of Mrs. Wm. Severance, of this city, would announce as a candidate for the democratic nomination for congress this week, and one Tuesday night State Senator Charles F. Montgomery, of Casey county, was in Stanford, conferring with several of his local friends with regard to becoming a candidate also. Congressman Harvey Helm's friends say that he will be a candidate for renomination, so the race promises to be a three-cornered affair if all predictions being made come true.

The Frankfort State Journal, of Wednesday, said that Mr. Pickett, had been in Frankfort Tuesday and said that he would announce as a candidate for congress either Thursday or Friday. In this connection, the Louisville Times Thursday said:

Speaking of Eighth district congressional politics, a Democrat who knows what's what, said that the so-called Beckham-Haley bunch was being Harvey Helm, the present congressman, and that Gov. Stanley and the administration influences would get back of Representative George L. Pickett, of Shelby county. The Shelby aspirant, it is said, has already perfected the nucleus of a good organization in nearly every county of the district, which includes some heretofore warm supporters of Congressman Helm.

In this connection the Louisville Post had the following to say:

We notice in the Louisville Times a prediction that "Governor Stanley and the administration influences" will get back of Mr. George L. Pickett, of Shelby county, in an effort to defeat Congressman Harvey Helm in the Eighth Congressional district. This is a singular admission. Mr. Stanley has enough to do at Frankfort without seeking to choose Congressmen for the various districts of the State. The Governor does not reside in the Eighth district; the district that he has appointed to State office from that district would be much better employed discharging their official duties than in exerting themselves to aid Mr. Stanley to defeat a Congressman whom it appears he does not like. The Evening Post has no intention of offering advice to the Democrats of the Eighth district, as to whom they should nominate. Our information is that Mr. Helm has made, and is making, an industrious, successful representative. We know nothing to the detriment of Mr. Pickett. The point of the incident is the attempt of "Governor Stanley and administration influences" to try to control the politics. They will attempt this in the coming state convention, and it is of the greatest importance to the party and the State that attempted dictatorship of that kind be rebuffed.

Senator Montgomery told the I. J. here Tuesday night that he has not finally determined upon his course in the matter, but that he will in all probability decide to make the race. He is now going over the district, meeting with friends in different counties and is receiving very gratifying assurances of support in the event he decides to run. Senator Montgomery has represented the district composed of Lincoln, Casey, Boyle and Garrard counties in the upper house of the state legislature for four years and during that time has made a splendid record as a lawmaker. He has been consistently upon the right side of practically every question that has come before the legislature, being especially prominent in his fights to secure a vote on state-wide prohibition, and other measures in which the temperance people of Kentucky are interested.

Senator Montgomery has been a close friend of U. S. Senator J. C. W. Beckham for many years, and led his fight in Casey county and that section, in the senatorial primary of 1914. Senator Montgomery was born in Lincoln county, being the son of the Rev. J. Q. Montgomery one of the most beloved ministers of the Christian church in the state. He also married in Lincoln, his wife

'Healthgrams' On Skin-- Flashed to Thousands

One of Nature's signals is an unhealthy skin. It is a scientific fact that the skin indicates the condition of the blood and the blood is the building material for the body and all its vital parts. Unless the blood is nourished and kept rich and healthy, it will eventually react on the organs it feeds and reduce the individual to a pitiable condition. Little do people realize the physical ailments that drain away strength and vitality and that can be traced straight to the poor supply of blood. Pimples, Eczema, Salt Rheum, Rheumatism, Carbuncles, Boils, Catarrh with its obnoxious results and the tendency to easily catch cold, Malaria and scores of other equally serious ailments, are all manifestations of bad blood. For over 50 years S. S. S. has been a mighty remedy for these disorders. Thousands of men and women have been relieved or actually cured by S. S. S. Many of them had spent years and hundreds of dollars for other remedies in a fruitless endeavor to regain health—a marvelous tribute to S. S. S. S. S. S. is purely vegetable and when taken into the stomach is absorbed by the blood, supplying certain elements which stimulate the action of the blood corpuscles and help them drive out impurities and build up the system. With such a tried and true medicine awaiting you at the closest drug store, will you go on suffering and looking badly when so many others similarly afflicted have turned to S. S. S. and found the meaning of perfect health. Our Medical Department will gladly advise you about your case without cost to you if you wish to avail yourself of this service. White's Diamond Brand Crab Orchard Concentrated Mineral Water a Panacea

The Wisdom of Scientists

Physiological and Medical Scientists of renown express themselves as convinced that most—if not all—chronic and incipient diseases have their origin in, and should be reached curatively through, the Liver or the Kidneys. These organs constitute the great cleansing and filtering systems of the human body. When they perform properly, all is well. On the other hand, if sickness or constipation prevails it must be reached for correction primarily, AND AT ONCE, through the Liver and Kidneys—the seat of its origin: the breeding place of the disease-producing Microbes and toxins that are variously the cause of every ill-affliction.

White's Diamond Brand Crab Orchard Concentrated Mineral Water a Panacea

To specify the numerous diseases curable by White's Crab Orchard Concentrated Mineral Water is needless in the light of what has been stated. This water is a SPECIFIC (meaning an absolute) remedy for ALL LIVER and Kidney difficulties; therefore, it follows that it is practically a HEALING AGENT FOR EVERY DISEASE OF THE HUMAN SYSTEM. This, then, involves diseases of the stomach; of the bowels; of the nerves; of the heart; of the lungs; of the blood; of the muscles; of the bones and even of the skin, etc.

If You Value Health, Beware

When the Liver or Kidneys, therefore, are disordered, LOSE NOT A MOMENT'S TIME in setting them right. With White's Diamond Brand Crab Orchard Concentrated Mineral Water which is not a drug—it is Nature's remedy put here for the afflicted, therefore do not get the Laxative habit as physicians everywhere are discarding the use of violent purges in favor of Crab Orchard Mineral Water which has the endorsement of the highest Medical Authorities.

SOLD AT ALL DRUG STORES AT 50 CENTS A BOTTLE.

If your druggist hasn't it we will send a bottle on receipt of fifty (50) cent money order or in stamps. We are the producers of this wonderful remedy, therefore beware of Adventurers, Adulterers and Counterfeiters and buy only of the Druggists or Owners of these Original Springs which possess these marvelous curative virtues.

RHEUMATIC PAIN STOPPED.

The drawing of muscles, the soreness, stiffness and agonizing pain of Rheumatism quickly yield to Sloan's Liniment. It stimulates circulation to the painful part. Just apply as directed to the sore spots. In a short time the pain gives way to a tingling sensation of comfort and warmth. Here's proof—"I have had wonderful relief since I used your Liniment on my knee. To think one application relieved me! Sorry I haven't space to tell you the history. Thanking you for what your remedy has done for me."—James S. Ferguson, Philada. Pa. Sloan's Liniment kills pain. 25c at Druggists.

What

Ira T. Moser

of Milledgeville

has to say about
cream separators
this week.

REMEMBER that a cream separator has to be used 730 times every year. If it runs hard, or isn't easy to wash, or doesn't skim clean, it is a constant annoyance and bother.

No machine or implement on the farm receives such constant use and there is no other machine on the farm where quality of work means so much and first cost means so little.

A little loss of cream with a cream separator, multiplied 730 times, soon runs into money. It's too big a handicap for any cow owner to try to work under.

Creamermen all over the world long ago came to the conclusion that the De Laval was the only machine they could afford to use. That's why 98 per cent of the cream separators used in creameries the world over are De Laval.

You will find the biggest and best dairymen almost invariably using De Laval.

Experience has taught them that it is the most economical.

You can't afford to take any chances with your cream separator, and we know that if you will come to us and let us put in a De Laval for you, 730 times a year you will say to yourself, "I made a good move when I bought that De Laval."

Sooner or later you will buy a DE LAVAL

The Harrodsburg Democrat, which has become very wet under its new ownership, says that men like Greene and Harvey, and other ultra Drys, prevented the recently deceased legislature from passing any real constructive legislation by eternally injecting the liquor question. Just what constructive legislation did they block we would like to know? At the opening of the legislature every paper in the state heralded the fact that Stanley and the Administration were completely in control; they put their friends in offices, and named all the committees. During their last ten days of the session, the Rules committee, hand picked by Stanley, his Wet Speaker, Eli Brown and other "leaders" had the whole say as to what legislation should be enacted. In what way did the Drys block them? Anyone with an atom of information concerning the inside intrigues of the General Assembly who thinks that anyone could thwart the well-oiled Whiskey machine which dominated the session from beginning to end, on almost anything it wanted, confesses himself an ignoramus of the worst sort, and should promptly be awarded the political dunce cap.

What a terrible time age is, Capt. Sam M. Boone, a horse in his day as a newspaper man, a successful politician, the writer of stories that gave him some fame and a polished orator, has gone to the Soldier's Home at Dayton, Ohio, to die among his old comrades. Sad end for as clever a man as ever wore shoe leather. Capt. Boone lived in Somerset the greater part of his life, but of late has called Winchester his home.

The Glasgow Times, a semi-weekly paper, announces that after April 1st its subscription price will be increased from \$1 to \$1.50 a year, the raise being necessitated by the enormous increase in the price of white paper. The I. J. is also hit hard by the same cause, but will remain at \$1 a year. It will be operated strictly on a cash-in-advance basis after April 1st, however, and every subscriber's paper will be stopped when the time for which it is paid, has expired.

Mystery Makes
Tanlac SecureImitation Is Set at Defiance by the
Famous Master Medicine.

Tanlac! There is magic in this household word—a magic made by success unprecedented and a fame based very solidly on its accomplishments in more than one million homes.

The ingredients for Tanlac are gathered in the remotest parts of the world. From the far North woods to Argentina, below the equator; in Russian Asia, the Alps, Pyrennes, on the sunny shores of Italy, from Brazil, Sumatra, Peru, the West Indies, and the slopes of our own timber-topped Rocky Mountains, come the roots, herbs, barks and even flowers that, under the direction of Herr Joseph Von Trimbach, the noted German chemist, are compounded into Tanlac.

There can be no successful imitation of Tanlac. It is compounded as skillfully and as mysteriously as nature distills the famed mineral waters of Europe.

Tanlac, now universally known as the Master Medicine, is proving invaluable against ailments of the stomach, liver and kidneys, and catarrhal affections of the mucous membranes, which, when neglected, so often affect the vital organs themselves. As a general tonic for half sick, run-down men and women, it builds up the tissues, creates a keen appetite, promotes digestion, vitalizes the blood and brings back color to the cheeks and sparkle to the eyes.

Tanlac may now be obtained in Stanford at Penny's drug store, where it is being explained daily.

24-1
Tanlac may be obtained at the following nearby cities: Moreland, Abraham Minks; Hustonville, Adams Bros.; McKim, True & Co.; Ellisburg, Joseph McWilliams; Middleburg, W. C. Bryant; Crab Orchard, Lyne Bros.; Brodhead, John Robbins; Junction City, Reynolds & Evans; Lancaster, R. E. McRoberts.

ATTENTION!

DRUGGISTS—STORE-KEEPERS

An exclusive Tanlac agent is wanted in every town, village and cross road in this county. For particulars and advertising plans address Cooper Medicine Company, Dayton, Ohio. 22-1

The Great Kidney Medicine Fulfills Its Mission.

I was afflicted with Bladder trouble. I suffered such great pain that the doctor had to take my urine. After the doctor had treated me two weeks, I did not get any better. Remembering that a few doses of Dr. Kilmer's Swamp-Root completely relieved my Mother-in-Law, after all the doctors who were called on her case had failed to do her any good, I asked my husband to get me a bottle of Swamp-Root, which he did, and I took it and threw the doctors' preparations away because immediately after I started taking Dr. Kilmer's Swamp-Root I was greatly relieved.

My husband was so pleased he said I should take one dozen bottles of Swamp-Root, but by the time I had taken seven bottles I was completely restored to health. That was six years ago and I have not taken any medicine since. My weight is 195 pounds, have three children, do my own work in a house of twelve rooms, and keep boarders. Very truly yours,

MRS. ANNIE BAUGHMAN,

657 Newell St. Barboursville, Ohio

Personally appeared before me this 19th day of December, 1914, Mrs. Annie Baughman, who subscribed the above statement and made oath that the same is true in substance and in fact.

Walkover Shoes

When you say WALKOVER every reading man and woman the world over knows you are talking about Men's and Women's Fine Shoes. We doubt if there is a manufactured article in the world today more generally known than

Walkover Shoes.

You ask why. The answer is:

They make more fine shoes for men than any factory in the world. They are sold all over every civilized country and in almost every town of any size. We do not claim they are the only shoes made, but we do say that for \$3.50, \$4, \$4.50 and \$5 dress shoes and oxfords for men and women they are simply in a class alone. More lasts, more snap and style. More colors and stay on your feet more days.

It's WALKOVER for STYLE and SERVICE at \$3.50 to \$5.00.

Says Woman's Beauty Depends Upon Health

HEALTH AND VIGOR NECESSARY REGULATION OF ORGANS OF ELIMINATION.

Skin foods and face creams and powders cannot make a woman beautiful, because beauty lies deeper than that—it depends on health. In most cases the basis of health and the cause of sickness can be traced to the action of the bowels.

The headache, the lassitude, the yellow skin, and the lusterless eyes are usually caused by constipation. An ideal remedy for women, and one that is especially suited to their delicate organisms, is found in Dr. Caldwell's Syrup Pepsin, a mild laxative compound, pleasant to the taste and free from opiates and narcotic drugs of every description. Mrs. Gertrude Jordan, 522 North Liberty St., Indianapolis, Ind., says: "It is simply fine; I have never been able to find anything to compare with Dr. Caldwell's Syrup Pepsin. I started using it for the baby and now it is my family standby in all cases where a laxative is needed."

Dr. Caldwell's Syrup Pepsin is sold

Maternity! The Word of Words

It is written into life's expectations that motherhood is the one sublime accomplishment. And if there is anything, no matter how simple, how apparently trivial it may seem, if it can aid, help, assist or in any way comfort the expectant mother, it is a blessing. And such is a remedy called "Mother's Friend." You apply it over the stomach muscles. It is gently rubbed on the surface, and makes the muscles pliant; expansion takes place without undue effect upon the nerves. And as the time approaches, the mind is gone through a period of repose, of gentle expectancy, and this has an unquestioned influence upon the future child. That this is true is evidenced by the fact that three generations of mothers have used and recommended "Mother's Friend." Ask your nearest druggist for a bottle of this splendid remedy. He will get it for you. And then write to Bradfield Regulator Co., 407 Lamar Bldg., Atlanta, Ga., for a most interesting book of information to prospective mothers. It is mailed free. Write today. It is a book you will enjoy.

Mt. Moriah

We are having some beautiful weather at present and the farmers of this section are quite busy getting ready for farming. It is quite restful to see farmers stirring about and hearing the sweet songs of the spring birds, after a long cold bleak winter.

The Mt. Moriah neighborhood has been wrapped in gloom since our last letter, over the death of two of her Christian members who passed from this low ground of sorrow into a world that is bright as day. Mr. B. D. Hiatt's spirit took its flight to a beautiful home above, on March 5th, and Mrs. A. A. Bastin, his sister, followed March 12th. Both were devout Christians, and will be greatly missed. Bro. Hiatt had been a deacon in the Mt. Moriah church for years. Large crowds paid their last tribute of respect to these good people by attending their interment of the bodies in the Mt. Moriah cemetery.

Mr. Fonzo Berry has returned to Kentucky after spending two or three years in Arizona and California. Mr. Berry's friends were glad to welcome him back to Lincoln county again. Mr. John Spires has been quite sick, but is some better we are glad to state.

Mrs. James Floyd and pretty little daughter, Flossie and Mrs. J. W. Young were pleasant callers at Mrs. B. D. Hiatt's Tuesday afternoon.

Mrs. B. D. Hiatt had a pleasant visit with Mrs. Joe Gerkey Sunday. Mrs. Ed Terry and children, of Neal's Creek section, is visiting her mother and brothers before going to Detroit.

Mrs. Emma Delaney and children, of Cincinnati, were at the bedside of her mother, Mrs. A. A. Bastin. Edward Smith visited his sister at

Grove last Saturday and Sunday. Mr. Fred Sims and family moved to this place last week for the purpose of putting up a blacksmith shop. We wish him much success.

Miss Clara Bennett gave a singing to her friends on Saturday night of last week. There were several youngsters present and the hospitality shown them by the little hostess was indeed a pleasure to each one who participated in the enjoyment.

Mr. Fonzo Berry and Miss Oretta Warfield were pleasant callers of Mrs. Burns last Sunday afternoon. Mr. S. L. Bastin, wife and son, Arthur, motored over in their car from Lexington to see their parents, Mr. and Mrs. J. D. Bastin.

Mr. Chas. Boone, of Somerset, enjoyed a few days' visit at home with his parents, Mr. and Mrs. J. H. Boone.

Little William Dawes has been quite sick, but is some better at this writing. Miss Florence Dawes came home from Hustonville to visit her parents, Mr. and Mrs. C. L. Dawes, and to attend the funeral of Mrs. A. A. Bastin.

The young folks had a surprise party at Mr. Chas. Warfield's last Thursday night in honor of Miss Josie's birthday. All went away feeling glad to have been there.

Women Once Invalids

Now in Good Health Through Use of Lydia E. Pinkham's Vegetable Compound. Say it is Household Necessity. Doctor Called it a Miracle.

All women ought to know the wonderful effects of taking Lydia E. Pinkham's Vegetable Compound even on those who seem hopelessly ill. Here are three actual cases:

Harrisburg, Penn.—"When I was single I suffered a great deal from female weakness because my work compelled me to stand all day. I took Lydia E. Pinkham's Vegetable Compound for that and was made stronger by its use. After I was married I took the Compound again for a female trouble and after three months I passed what the doctor called a growth. He said it was a miracle that it came away as one generally goes under the knife to have them removed. I never want to be without your Compound in the house."—Mrs. FRANK KNOBL, 1642 Fulton St., Harrisburg, Penn.

Hardly Able to Move.

Albert Lea, Minn.—"For about a year I had sharp pains across my back and hips and was hardly able to move around the house. My head would ache and I was dizzy and had no appetite. After taking Lydia E. Pinkham's Vegetable Compound and Liver Pills, I am feeling stronger than for years. I have a little boy eight months old and am doing my work all alone. I would not be without your remedies in the house as there are none like them."—Mrs. F. E. Yost, 611 Water St., Albert Lea, Minn.

Three Doctors Gave Her Up.

Pittsburg, Penn.—"Your medicine has helped me wonderfully. When I was a girl 18 years old I was always sickly and delicate and suffered from irregularities. Three doctors gave me up and said I would go into consumption. I took Lydia E. Pinkham's Vegetable Compound and with the third bottle began to feel better. I soon became regular and I got strong and shortly after I was married. Now I have two nice stout healthy children and am able to work hard every day."—Mrs. CLEMENTINA DUEKING, 34 Gardner St., Troy Hill, Pittsburg, Penn.

All women are invited to write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for special advice. Confidential.

The IRON CLAW
by Arthur Stringer

Author of "THE OCCASIONAL OFFENDER," "THE WIRE TAPERS," "GUN RUNNERS," ETC.

Noodled from THE PATHE PHOTO PLAY OF THE SAME NAME

"I consulted his watch from time to time, with his eyes always going hungrily back to the heavy-pillared back entrance itself.

"In one minute," he announced, "they'll get a dose of the medicine they gave us this morning." Again he looked at his watch.

A sudden thud and roar of sound cut off all smaller sounds. Then came the cries of terror-stricken human beings, shrill calls for help, hoarse shouts from stalwart figures in uniforms, and the sudden shrill of a policeman's whistle. The clamor and tumult of the streets rose above the quick and ever-nearing throb of engine bells, the gongs of ambulances, the rattle of iron-tired patrol wagons pounding over car rails, the shouts of blue-coated patrolmen already forming their cordon around the dust-crowned ruins.

"Fire!" was the cry that filled the canyon! "The building's on fire!"

And it was then that Legar replaced his watch in his pocket, and tossing aside the field glasses through which he had been viewing the street, showed that he was once more himself.

"Now's the time, men," he announced to his followers, "to get ready for work!"

The Bitter Bitten.

The news of the Third National bank outrage soon spread through the city. And as the resultant fire grew in intensity the crowd in the neighborhood grew in volume. Police reserves, marshaled by a stalwart and stern-faced captain, had already established their fire lines and still fought back the overcurious that trampled the long scorpions of black hose and kept edging and shouldering ever closer to the scene of the great catastrophe.

There was no relaxing of vigilance, in fact, when the limousine of Enoch Golden himself came throbbling and crawling through that densely packed mob of human beings, Golden himself, alighting from that car, pleaded and stormed in vain with the inexorable officials confronting him. And while he still frenziedly argued and demanded a hearing with the officers in charge, a second vehicle made its way towards the still smoldering ruins.

This second vehicle was a motor truck on which was mounted not only a number of men in the uniform of bank attendants, but also a police lieutenant, who had been requisitioned to clear a way through the crowd. For this was not the intrusion of mere curiosity seekers. That much the captain in charge of the police lines promptly discovered when he was on the point of ordering both truck and attendants out of the forbidden territory. For the cool-eyed man in command of that truck had come well armed for any such emergency. Into the astonished hand of the police official he thrust an authoritative-looking document from the president of the Third National himself.

This letter of introduction read: To the Officials in Charge: Acting on an emergency decision of our directors, I herewith authorize the agents of the Western National Bank to take possession of and remove the contents of Third National Bank vaults to the vaults of the Western National. As this decision was arrived at to frustrate any possible interference with our gold and collateral when so obviously exposed, I trust you will do everything possible to expedite the removal of this treasure to a place of safety.

Yours very truly,
JOHN ELIOT STONINGTON,
President.

At the same time that the police captain, acting on this peremptory order, was clearing a path to the neighborhood of the still smoking vaults, Enoch Golden, with Margory and Manley at his side, was fighting to break through those jealously guarded fire lines. And at the sight of the motor truck and the Western National attendants his antics became even more frenzied than before.

"I tell you I've got to get in there!" he shouted to the apathetic patrolman holding him back.

"Yes," agreed the patrolman, "of course you'd like to get in there."

"But I tell you I'm Enoch Golden," was the financier's frantic cry.

"I don't care if you're the president of the United States," was the retort. "You stay out."

It was young Manley himself, who, watching his chance, suddenly slipped in through the lines and gained the side of the busy captain before he could be stopped. For already the work of removing the vault contents was under way.

"You've got to keep this gold from going out," the young man cried into the face of the somewhat astounded captain.

"Who are you?" demanded that official. "And what pipe school did you pick that idea from?"

"I picked it from a warning that came to Enoch Golden this morning. I tell you you're freeing forty millions to a bunch of crooks on a forged

order!"

The captain called to a couple of his men.

"Tierney, and you, Doolan, take this bug-shooter in charge."

"Then telephone to Stonington himself," cried the frantic Manley struggling in the grip of his captors. Get him on the wire himself, and see what he says!"

"Patterson," he called out. "Take charge here, and don't let this motor truck move an inch until I verify this order of Stonington's." Then he turned to Manley. "You come with me."

The triumphant light soon went out of young Manley's face, however, as he stood beside the captain in the telephone booth. He could hear that official call for the number, ask for Stonington, and crisply demand of the banker if the order for the vault transfer was authentic or not.

"Of course it's authentic! And I want to know what this game is! What are you and your bunch out there trying to put over?"

But Manley knew what he knew. "I tell you that wasn't Stonington that spoke. It couldn't have been!" cried the desperate young secretary.

The captain was already on his feet and fighting his way back to the fire lines.

"Then suppose you go up and tell him he's been dreaming," mocked the irate official. "Then get his affidavit to that effect and amble back with it."

Manley himself was already darting for the door.

"That's just what I'll do," he called out as he made for the corner of Broadway on the run, and there, still on the run, leaped to the running board of an empty taxicab north bound.

Manley's wait on Stonington's doorstep was doubly disquieting. Still more disquieting, however, was that obese banker's reply to the questions so fiercely hurled at him.

"I gave out no such order. And no such telephone call ever came to my house tonight!"

"Then get your phone, quick!" Manley warned him. "Get police headquarters and stop that raid. Stop it inside of ten minutes or your bank'll look like a last year's bird nest!"

The excited man of finance, who had been shouting to his servants, suddenly ran to the nearest desk phone and struggled with the instrument. But his struggles were fruitless.

"My phone's dead," he cried out to Manley. "I can't raise central! I can't raise anything!"

"Then beat it for that bank of yours," advised Manley as he made for the door.

"Take me with you; for God's sake take me with you," cried Stonington, catching up his hat and coat and following him.

"I can't," retorted the young man as he darted for his waiting taxi. "I've got to look for a crook called Oyster Joe!"

The police lines about the ruins of the Third National bank, as Manley went scurrying through the streets little dreaming that a stranger had preceded him on that errand, had already been strengthened by additional reserves as the great motor truck with its bank guards was piled higher and higher with the gold from the blistering vaults. Then came the call for "Gangway!" And it became more and more evident that no timely interception was to rob Legar and his men of their spoils. The heavy truck was already crawling out from the curb, its great wheels crunching over cinders and charred wood, as a messenger ran up to the officer in charge, calling him to the telephone.

That official held the receiver in his hand as the motor truck, gathering speed as it threaded its way through a narrow aisle of open asphalt formed by surging humanity, rounded the corner into Broadway, thundered northward for three blocks, and again turned eastward.

By the time John Stonington's landaulet reached the bank, following the warning already sent on from headquarters, an empty vault lay amid the smoking ruins and Legar's galleon on wheels, loaded to the brim with its stolen gold, had slipped away unchallenged through the darkness and all trace of it had been lost.

The objective of that wheeled galleon, however, seemed to have been nicely appreciated by Oyster Joe, quietly smoking on the deck of an extremely powerful-engine but extremely dirty launch moored in the shadow of a wharf. That worthy, indeed, showed

a marked preference for gloom, since neither his cabin nor his deck lamps were alight. Equally without light was the lumbering truck which crawled cautiously down to the lip of the wharf, where, after an exchange of quiet whistled signals, a number of vaguely outlined figures set about lifting a pile of small but sturdy canvas sacks and boxes from the motor truck to the waiting launch. This was done in utter silence. The moment the transfer had been completed the launch slipped out from the wharf shadow.

Morose as seemed the man steering that launch, the two newcomers who had been ordered aboard his craft, after it had been so silently and quickly loaded, occupied much of his attention. It was soon plain, however, that he had small wish for conversation with them. When, after three miles of silent travel, during which the white-bearded man at the wheel had responded with nothing more than a sulky grunt, one of the newcomers suddenly struck a match and held it close to the white-bearded face, the hands gripping the wheel quite as suddenly relinquished their hold and fastened themselves about the throat of the overinquisitive cargo sentry. Before his companion, standing quite close to the bow of the boat, could quite realize the meaning of the movement, the two men beside the wheel were writhing and stamping and panting about the narrow deck.

Fierce as that fight was, it was not a prolonged one. For the white-bearded man, despite his age, with one final effort, succeeded in lifting his opponent clear of the deck-boards and flinging him headforemost into the black water. Then he turned and braced himself for the charge of the second man. This second man he met by dropping quite flat and unexpectedly on the deck itself. He felt the charging body go over his own, caught at one still kicking foot as he twisted quickly about, and before his opponent could recover from that fall the patriarchal boat owner had assisted his unwelcome guest over the deck-clip after his companion.

But, oddly enough, in that struggle the bewhiskered old boatman had undergone a sudden and startling change. The clutching fingers of his enemy in the second contest along the boatdeck had buried themselves in the thick white beard decorating that launch owner's chin. And when this enemy went overboard that fringe of whiskers went with him, leaving at the wheel a somewhat altered and considerably younger looking man. And that this unknown amender of destinies was still intent on nursing the secret of his identity was further evidenced by the fact that, before turning his boat about and facing the ebb-tide current of the North river, he carefully adjusted over his nose a narrow band of yellow cloth, with its little apron

or an inverted crescent. Still later, as he closely watched the light-spangled shore line, he caught sight of two small winging eyes of green and red. Accepting this apparently as a signal, he swung in close under the shadow of a coal barge and made fast at the slip end, where high above him a waiting taxicab stood close beside the stringpiece. Yet, hurried as the man in the mask seemed to be, he took time to sit under one of the cabin lamps and indite a short epistle. This epistle, addressed to "Enoch Golden and his friends," read as follows:

The Funds of the Third National bank vault are now in my possession and will be duly returned to the rightful owners. But that I may enjoy the luxury of the game as well as the name, I am withholding from those returned funds the fifty thousand dollars in gold which was formerly the property of the man who, by oppressing the poor, has compelled this action. When that man looks into his own heart and returns to the paths of wisdom, this gold will be returned to him by

THE LAUGHING MASK.

Still later that night while Davie Manley and Margory Golden and her father were arguing and wondering as to the origin and full meaning of this strange message, Legar and his men, emerging like water rats from the river-front rendezvous close beside the Owl's Nest, piled into a harbor launch with a muffled kicker and silently made their way for Oyster Joe's.

Crowding into the dimly lit sail loft of Oyster Joe, they found themselves confronted, not by the millions in stolen treasure, but by a stiff-jointed and blasphemous old man in white whiskers, tied and lashed to one of his own shack beams.

"Don't yelp at me about your damned gold," cried Oyster Joe, with a sulphurous string of oaths, when he was able to speak. "I never saw any gold! All I saw was that chain-lightning gink in a mask, the gink who's double-crossed me twice at the same game!"

Legar staggered back into a broken chair.

"So it's the Laughing Mask again!" he said with an oath.

Mayr's Wonderful Remedy starts in at the first dose to put stomach sufferers on the way to health. The first dose proves it.

It is taken with success everywhere. Here are the words of two Tennessee people who have taken it:

MISS CORA FISHER, 805 Saxon avenue, Memphis—"Have taken your medicine and it worked like a charm—has removed quite a number of gall stones. It does just as you said it would."

MRS. W. J. WARD, Sparta, Tenn.—"I can honestly recommend your remedy to all sufferers from constipation and stomach troubles. Indigestion seems a thing of the past with me."

Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. FOR BRONCHITIS, WHOOPING COUGH, CROUP, COUGHS AND COLDS

Make the Best Remedy at Home—128 Teaspoonful for 50 cents.

If everything was sold in as liberal and fair a manner as the below named druggists are selling Schiffmann's New Concentrated Expectant, absolutely no cause for complaint or dissatisfaction could possibly arise from anyone. These druggists say—"Buy a bottle of this remedy and try it for Bronchitis, Whooping Cough, Severe Cough, Croup or any Bronchial Affection, and we will return your money, just the same as we do with Schiffmann's famous Asthmador, if it does not give satisfaction, or if not found the best remedy ever used for any of these complaints." Why not take advantage of this guarantee and try this medicine, and get your money back, rather than buying another purely on the exaggerated claims of its manufacturer or on the strength of testimonials from others and run the chance of getting something worthless and also wasting your money?

In buying this remedy, besides securing an absolute guarantee of its efficiency from these druggists, you also get about eight times as much medicine as you would in buying most any of the old-fashioned, ready-made kinds, which average from 20 to 32 teaspoonful, because 50c worth makes a whole pint (128 teaspoonful) when mixed at home with simply one pint of sugar and one-half pint of water. What

J. S. Mobley & Son of McKinney

have to say about cream separators this week

It will be worth your while to find out what some of your neighbors who use De Laval Cream Separators think of their machines before you buy any separator.

About the best thing we can say for the De Laval is that all the farmers around here who use it are boosters.

Does good work for them and pleases them, and we know it will please you.

Make it a point to ask your neighbor about his De Laval.

There are nearly two million satisfied De Laval users throughout the world. More De Laval Separators are in use than all other makes combined. It isn't the cheapest, but the majority of separator users have found out by experience that it is the best and by far the most economical separator to own.

We want to tell you about an arrangement we have whereby you can make partial payment at time of purchase and pay the balance on such liberal terms that the De Laval will save its cost while you are paying for it.

Come in and see us the first time you have a chance and talk it over.

Sooner or later you will buy a DE LAVAL

Mogul 8-16 Saves Its Own Price In Fuel Bill Reduction

THAT'S true. A Mogul 8-16 kerosene tractor saves its own price in fuel bill saving, as compared with a gasoline tractor.

Until April 1st the price remains at \$675 cash f. o. b. Chicago. Fortunate early purchases of material still allow you this low figure. After April 1st the price will be \$725, same terms.

At either price the Mogul 8-16 is by far the most economical tractor because it operates on cheap, common kerosene or coal oil. Gasoline to run the gasoline tractor costs over 100 per cent more than the kerosene a Mogul 8-16 will use. Which is best for you?

You know what gasoline costs you, and you know what you pay for kerosene. Figure it out yourself, or see your dealer. This is a saving you can't afford to miss.
